During the course of any given activity during the year, youth may have photographs taken of them. These photographs are often used on bulletin boards, calendars, facebook, our church website, and our youth blog. To assure protection only first names are used on all electronic applications excluding facebook which automatically adds the last name of any youth already on facebook.

If you will allow First Lutheran Church to use your child's photograph on these applications please sign this form. If there is an application(s) that you do not wish to have your child's photograph posted on please mark.

My child's photograph may not be posted on:

- 1) Facebook
- 2) The church website
- 3) The youth blog
- 4) Bulletins or calendars at church

I understand that First Lutheran youth uses photographs of activities youth are involved in throughout the year. Photographs are used to encourage youth to participate in these activities and to also remind them of the activities. I give permission for First Lutheran Church to use my child's photograph to accomplish these goals.
